Prefixes

Prefixes are added to the beginning of root or base words. When you add a prefix to a base word, you change the word's meaning.

Some common prefixes and their meanings:

re--again, back   **dis**--not   **pre**--before

un--not, opposite   **mis**--wrong   **under**--below

Directions: Write the meaning of each word. Example: unhappy -- not happy

1. dishonest --	_____
